## Projects

### **Deep Learning Based Scene Identification For Hard To See People -**

**Apr, 2022 - Present**

*Dr. Kumudha Raimond, Dr. Getzi Jebaleelipushpam*

Project: Background Scene identification is very important for visually impaired people to know the location where they are and also to know the objects in front of them to avoid the risk of accidents and collision. In simple term, they need virtual assistance to move around with confidence without any human assistance.

### **Credit Card Fraud Prediction - Dr. Kumudha Raimond**

**Mar, 2022 - Apr, 2022**

Project: Credit Card Fraud detection using ML

## Achievements

### **Academic**

Secured sixth rank in school during tenth

### **Cultural**

The Inked Square is a Delhi based publishing company which offers an opportunity for individuals to showcase their talents.

1. I worked as a state head for the whole of Tamil Nadu, West Bengal, Kerala and Karnataka team, reviewed their work, motivated them to find a better future in writing.
2. Not only did I get a chance to serve the community of writers, but also my writings were published in their book, "Tremendous Souls".

## Other Information
